I wanted to take a few minutes to tell you about the outstanding program that Peter Nestler presented during a school assembly recently. We were told by a local organization that his presentation was both athletic and motivational. They hit the nail on the head. Mr. Nestler was outstanding. His program addressed the characteristics and traits each student should possess to work toward a successful life. He focused on how students can make good choices for their future. We were pleased with his message and the uplifting manner he utilized. All those in attendance were completely amazed by his rope skipping abilities. Students commented on his outstanding performance and his strategies for encouraging them to think about their actions and their future. Teachers were equally impressed with his athletic abilities but also commented on his ability to engage the students in his total program. I still hear positive comments from teachers and students about the assembly.

We, at Riverchase Middle, appreciate the time and energy that Mr. Nestler put into his program. We also believe that other schools could greatly benefit from the program and example he provides. I believe this program should be seen in every middle school.

Barbara Snyder/Asst. Principal/Riverchase Middle/Birmingham, AL

Mr. Peter Nestler did a program that incorporated his wonderful mastery of jump roping with "Say No to Drugs." The teachers were impressed by his ability to keep the students' attention and manage the student body so effectively with his talk and talent. Mr. Nestler is certainly a talented athlete. I can highly recommend him for a fun, entertaining, and informative assembly. The expense was minimal compared to the quality program presented.

Mary Ann Patrick/Principal/Bell Elementary/Tulsa, OK

If you are looking for an excellent program to share with your students, you need to contact Peter Nestler. Peter is a Jump Rope artist extraordinaire. His program teaches a great lesson in setting goals and working to get there. We were fortunate to have him come and perform for our students at Lee Britain Elementary in Irving during the spring. The students loved it and I feel I learned important life lessons.

Brenda Bingham/Principal/Lee Britain Elementary/Irving, TX

The students responded with enthusiasm and awe to Peter's performance. For high school students, Peter was able to relate to them in a mature and confident way. I have seen others fail at making the connection with teenagers and the result is a clock watching event where kids become bored and even sarcastic. Peter was able to use appropriate humor and demonstrate skills that won the kids over instantly.

Peter demonstrated incredible rope skills that impressed teachers and students. He was able to tactfully use student volunteers to demonstrate his abilities while not embarrassing the students. He successfully used a dry and decent humor throughout his presentation. I would recommend Peter to other high schools. I believe he has a universal appeal and a skill level that would bring the same success we experienced to other high schools who invited him.

I would be happy to speak in greater detail to another high school principal, who wanted more information on the success we had with Peter's assembly.

Wayne Dykstra/Administrator/Sheboygan County Christian High/Sheboygan Falls, WI

The Rope Masters have performed at Prine Elementary on more than one occasion. Their presentations have always been very professionally executed and each performance was adapted to the age group before which they performed. Their program combines visual interest, as they skillfully demonstrate their rope jumping abilities, with interesting and positive guidance and information. Further, they are a pleasure with which to do business. They have been extremely accommodating, both in terms of dates and space availability. It is without reservation that I recommend Rope Masters for any function for which they are being considered.

Linda J. Fouse/Asst. Principal/Prine Elementary/Bradenton, FL

Blythe Elementary students are always so excited when you are coming to perform. You bring such a wonderful program and message for the students. We have had many performances come to the school. However, you are our favorite. The physical fitness lesson on jump roping and the final performance in complete darkness with laser ropes is beyond what most students have ever seen. Thank you for your willingness to come and your entertaining production. You are the best.

Carolyn J. Hubbard/Principal/Blythe Elementary/Huntersville, NC

On behalf of the PTA and Goldsboro Elementary Magnet School's students and staff, we would like to thank you for coming out and performing your incredible jump rope skills. Most enjoyable were the audience participation, unicycle stunts and neon rope demonstrations! Most importantly were the values you taught the children if they wanted to become a champion: Stay in school, Stay off drugs and Practice.

These are values we hope students have in order to ensure their future academic success as well.

Jeanette Malone/Asst. Principal/Goldsboro Elementary Magnet School/Sanford, FL

Mr. Peter Nestler performed today here at Kirby Middle School. He was dynamic. The students were thrilled to see his jump rope dynamics. Also, as a part of his presentation, he spoke to the students on making choices. Mr. Nestler's performance was enjoyed by everyone. I would highly recommend him to other schools.

Ponzella P. Fuller/Principal/Kirby Middle School/Birmingham, AL

Thank you so much for the performance this morning. Our students truly enjoyed the assembly! I was surprised that they were able to sit for 45 minutes and remain so attentive. I appreciate your ability to manage a large group of students and include them in your presentation as well. You are not only a very talented man, but skilled in working with kids of all ages.

Carolyn Stratton/Principal/McWhorter Elementary/Dallas, TX

Peter from Rope Masters did a tremendous job. Extremely professional. The message Peter gave was just what children need to hear. I have rarely seen a crowd so excited. Over the last 5 years we have had hired numerous entertainers for events and Peter from Rope Masters is certainly one of the best. I highly recommend Peter from Rope Masters for events with children of all ages.

Adam Gregg/Youth Horizons Mentoring/Wichita, KS

I enthusiastically recommend Mr. Peter Nestler, the Rope Master. He did two assemblies at Nathan Hale Elementary. He was a joy to watch. The children were taught that hard work, dedication, and keeping your goals in 'sight' will lead to success. The staff and students and parents enjoyed this entertaining assembly.

Patricia Jimison/Principal/Nathan Hale Elementary/Toledo, OH

Spaulding had the great pleasure of experiencing a character education program presented by Peter Nestler (The Rope Master). Mr. Nestler is a seven time World Jump Rope Champion and travels the world sharing his talents with others.

His show is outstanding. He uses his skills combined with music and glow-in-the-dark effects creating a dazzling presentation that captures the student's attention. During his show he teaches students what it takes to be a champion. He encourages students to be dedicated to making good decisions and to not give up. If I had to rate his show it would receive Five Stars. Every school in our district should have an opportunity to share in this experience.

Cedric Tatum/Principal/Spaulding Elementary/Birmingham, AL

Mr. Peter Nestler (AKA Rope Master) did an extraordinary performance at our school today. Not only did he show our students different and unique techniques in using the jump rope, but he also emphasized to them the importance of being smart, courageous and a winner. It is without reservation that I recommend him to your school/agency.

Janice L. Lewis/Principal/Reid Park Academy of Learning/Charlotte, NC

Our school was recently fortunate to host Peter Nestler and his jump rope program at our elementary school. It was absolutely fantastic. The students told me many times this was the best assembly we ever had. Not only is Peter very talented but he also was able to deliver a great message to the students about making good decisions. We look forward to having him again sometime.

Cindy Frisbie/Counselor/Quapaw Elementary/Quapaw, OK

It is my pleasure to recommend Rope Masters for an assembly with your school. My students were thrilled from the beginning of the assembly until the end! Peter's variety of his message, tricks, skills, rope safety, and interaction with the students made the assembly run smoothly, efficiently, and quickly. Peter was also very willing to work out the financial aspect of our agreement. He arrived on time and was a good role model for the students. I was pleased with his "champion" message and got many positive comments from staff and students. Consider Rope Masters for your next school assembly.

Patti J. Pitcock/Principal/Jarman Elementary/Tulsa, OK

I had the pleasure of hosting Peter Nestler at Sheboygan Falls Middle School in September of 2005. Peter arrived at our school an hour before the performance. Mr. Nestler concluded his set up in short order and put on a wonderful performance in less than ideal conditions. During his performance, he demonstrated his mastery of the jump rope and incorporated a number of students and a staff member into his performance.

My 7th and 8th graders were riveted to Peter's performance. Mr. Nestler's combination of raw athleticism and a positive message is entertaining. He also taught my students the valuable lesson about the true meaning of success that reinforced many of our school's core beliefs. Mr. Nestler has a wonderful personality and delivered exactly what he promised. I truly found his web site to be very helpful in planning his visit to our school. I highly recommend Peter Nestler to any school that is looking for a positive role model to help students understand that success takes hard work and perseverance.

Robert Flaherty/Principal/Sheboygan Falls Middle/Sheboygan Falls, WI
